

Invicta Model Flyers

June 2024 Bulletin

Hi everyone,

A fairly brief bulletin this time to update you on a few items.

Fields at Sutton Valence

Due to the lousy weather we have had recently, the main fields at Sutton Valence are yet to be cut for silage so we must take care not to flatten the tall grass before it is cut. We are probably ok for small numbers of flyers provided they use their common sense and use the same path in and out of the field. Cars must be parked in the track without impeding the farm machinery using the track.

Kent Interclub Competitions

It's been a year for cancelled competitions, we have only managed to run one of our Kent Interclub series of competitions thus far this year. I have attached a copy of the latest updated contest calendar for information.

Please note that Invicta will be hosting a competition on Sunday 18th August. Therefore, the flat fields will not be available for flying on these dates. By all means come and watch us though.

You may recall that the FxRES models and competitions have been mentioned in earlier bulletins. The reason for bring this up again being there is an FxRES competition pencilled in for Saturday 23rd July at Sittingbourne.

To get an idea of numbers, if anyone is considering taking part in this competition, can they please let me know?

Help Needed with our Website

Our website was created a while ago by a former member. Whilst I can update most of the website, there is a problem with contact page not forwarding details, the issue maybe related to reCaptcha. Hopefully this is a fairly simple issue, but thus far a solution has eluded me.

If anyone has any skills with Wordpress and could help me with this problem it would be much appreciated. Please contact me via email (not via the webpage obviously!)

Items for Newletters

Reminder if anyone has any items they would like to share via either our website or the next bulletin, please let me know.
